**To:** Members of the Legislature's Labor and Public Employees Committee

**Subject:** Reject HB-5460 An Act Concerning Captive Audience Meetings

We urge you to reject HB – 5460 as harmful to business in Connecticut. Jelliff is a small privately held company. The average length of employment is over 20 years. There are always discussions among the employees and between management and staff pertaining to the current political atmosphere on all levels, current events, local happenings, etc. We are not just a business, nor just numbers, but family where people count and their families are important. Discussing the items that are in the bill is an everyday event and important to the work day lives of our employees.

You may contact the undersigned should you want to discuss.

Sincerely,

*Rand Glucroft*
